

fraXses FEATURES

With the recent fraXses rebrand done and dusted, we couldn't be more excited to get stuck into showing you what's under the hood!

fraXses offers a powerful data fabric platform that will streamline and simplify the way in which your organisation accesses, stores and leverages data. Find out about these five key features and how they will benefit your business:

- **SERVERLESS ARCHITECTURE**
- **TRANSACTIONAL WRITE-BACK SERVICE**
- **A FULL MICROSERVICE ARCHITECTURED STACK**
- **UTILISES DOCKER FOR CONTAINERS**
- **KUBERNETES INCLUDED**
